

A MAJOR ADVANCEMENT IN HAND SANITATION AND PROTECTION AGAINST HUMAN CORONAVIRUS, GERMS AND OTHER PATHOGENS!

SiArmor Antimicrobial Hand Sanitizer Gel is registered hand sanitizer with the FDA and has passed safety and efficacy requirements. FDA issued National Drug Control number: 80581-087-01

SiArmor Antimicrobial Hand Sanitizer Gel has proven highly effective at a Level 3 US biocontainment lab against live CoVid-19 producing a 99.68% kill rate at 30 seconds, 1 minute, 5 minutes, 1 hour, 4 hours and 8 hours! Previous certified test results against the human coronavirus 229E (the latest US Government Standard surrogate for testing against CoVid-19) produced a 99.68% kill rate.

SiArmor Antimicrobial Hand Sanitizer Gel creates a covalent bond which allows you to routinely wash your hands without the need for reapplication.

Contains no: Alcohol, Fragrance, Petroleum, Gluten or Water
